

# Online Clothing Store

Presented by: Ziad Ghoraba

## As a Customer :

- As a customer, I want to browse different clothing categories so that I can easily find what I need.
- As a customer, I want to search for specific products and apply filters (size, color, price, top-rated) so that I can find relevant items faster.
- As a customer, I want to view detailed descriptions, sizes, colors, and images of a product so that I can make an informed decision.
- As a customer, I want to add products to my favorites list so that I can easily save and access items I am interested in for future reference or purchase.
- As a customer, I want to add products to my shopping cart so that I can review and purchase them later.
- As a customer, I want to see the new products so that I can stay updated with the latest offerings and make informed purchasing decisions.

## **As a Customer :**

- As a customer, I want to securely enter my shipping and payment details so that I can complete my order.
- As a customer, I want the system to automatically detect and display the number of products I intend to purchase, ensuring accuracy in my order.
- As a customer, I want to track my order status so that I know when my items will arrive.
- As a customer, after purchasing a product, I want to be able to rate and leave a comment on it so that I can share my feedback and help other shoppers make informed decisions.
- As a customer, I want to create and manage an account so that I can save my preferences, order history, and shipping addresses.
- As a customer, I want to view personalized product recommendations while browsing the details of a product, so that I can explore related or complementary items and make better purchasing decisions.

## As an Admin :

- As an admin, I want to add, edit, and remove products so that I can keep the store up to date.
- As an admin, I want to view and process orders so that I can fulfill customer requests efficiently.
- As an admin, I want to be able to update the status of orders so that I can keep customers informed and ensure accurate order tracking.
- As an admin, I want to track stock levels so that I can restock or discontinue products as needed.
- As an admin, I want to manage customer accounts so that I can handle support requests and user-related issues.
- As an admin, I want to send promo codes and special offers through the notification section so that customers can easily see and take advantage of discounts while browsing the store.
- As an admin, I want to add a description of my online store and contact information so that I can build credibility and trust with visitors.
